### **Unwell Pupils**

Dear Parent/Carer,

I am writing to inform you that over the last few days several parents, with children in all year groups currently attending school, have reported that their child has become unwell, with coronavirus related symptoms. There have been no confirmed positive cases, so as such **School remains open.**

As per national guidance, these parents have been instructed to take their child for a COVID 19 test. These children now have to self-isolate until we receive confirmation of their test results.

**The Department for Education national guidance says that at this time your child should continue to attend school.**

Please be assured that the school is continuing with social distancing measures and cleaning and hygiene arrangements are in place throughout the day. Public Health England and Manchester City Council continue to advise us on how to deal with any situations that may arise.

If any of the children who are isolating tests positive for COVID 19 you will be notified by the PHE Test and Trace Service via text message, email or phone. If this happens, we will also communicate with all parents and talk to you about the next steps. Thank you for your co-operation.

Yours sincerely,

A handwritten signature in black ink that reads "John Dent".

Headteacher
